

The Seminar: August 1ST
Pré-Conference - CPSA 2016

BioPharma Challenges: From drug development until quality control strategies

Program:

- **8h00 – 8h30:** Registration and Reception
- **08h30 - 09h00 - Open** Opening Lecture | *Mike Lee: Ph.D., CPSA Founder and President - Milestone Development Svcs*
- **9h00 – 9h15:** Stay ahead in biopharma | *Daniela Queiroz: Vertical Market Manager - Thermo Fisher Scientific*
- **9h15 – 10h15:** New rapid and reproducible peptide mapping workflow | *Gabriel Duarte: Instruments Sales Representative - Thermo Fisher Scientific*
- **10h15 – 10h45: Coffee Break**
- **10h45 – 11h45:** New chromatographic workflow for charge variant profiling, intact mAb analysis and DAR determination | *Viviane Nascimento: Applications Scientist Mass Spectrometry - Thermo Fisher Scientific*
- **11h45 – 12h00:** Networking Activity
- **12h00 – 14h15: 12h00 -13h30: Lunch**
13h30 -14h15: Lunch and Live Show - Vanquish One Product, Several Solutions!
 - Comply with RDC 53 - Drug degradation products analysis
 - Support in the mass balance
 - Productivity
 - Solution in biopharmaceuticals
- **14h15 – 15h15:** Using HRAM GC-MS/MS for Extractable & Leachable and Intermediate Impurity Profiling | *Monica Piovani: Product Applications GC and GC/MS - Thermo Fisher Scientific*
- **15h15 – 15h45: Coffee Break**
- **15h45 – 16h30:** Separation Science that's built for Biopharma: How to convert your method for QC/QA | *Marc Chalom Applications Manager and Viviane Nascimento: Applications Scientist Mass Spectrometry -Thermo Fisher Scientific*
- **16h30 – 17h00 - Closing Ceremonies**
